It has been a pleasure working with you and your team on our project "Development of Feasibility Study for Printing Operation Project" subsidized by the National Fund for Enterprise Support (NAFES) for the period from August – October 2003.

Your experience and support, in addition to your leadership in running the effort and the consultants with you was paramount to the success of the effort. The methodology applied and the professionalism of your team and yourself were evident in every milestone of the project.

Your effort is greatly appreciated and the content and value of your work are very much in congruence with our expectation.

We consider our experience with you in this project to be successful and fruitful. We wish you all the best as we are sure you will continue to add value to any project you undertake.
