The Initial Stage of Poverty Pockets II Project By Jordan River Foundation

Special points of interest:

- An assignment of developing financial system for The Aqaba Special Economic Zone Authority.
- An extensive feasibility studies developed by ProGroup for different projects in Qatar.
- our valuable clients are welcomed in Our new headquarter located in Shmeisani.

PKF ProGroup has embarked on the initial stage of implementing Poverty Pockets II Project which have commenced with **Jordan River Foundation (JRF)** by providing our consultation and business advisory services.

PKF ProGroup's team started visiting the target areas which were considered within the Local Development Program for the Less-Privileged Areas (LDPLA) on Feb 24th, 2008 until Feb 28th, 2008. The involved areas were:

“Hashmiyah, Ghor Al-Mazra'a and Wadi Araba, Al-Mreigha, Al-Jafer, Al-Husainyah” to raise and upgrade the economical and social status within these areas by constructing a developed infrastructure and to define the projects that should be implemented within these areas in cooperation with the mentioned parties “MAHARA, BDC and Queen Rania Association” to improve the promising purposes and the objectives of this project.

Editorial Note

PKF ProGroup Assignment with “KALBOARD and AKTCO”

As our consistent commitment to help our valued clients to attain their specific goals that are based on achieving results **PKF ProGroup** has carried out the assignment of developing and restructuring the commercial department system for Kalboard and AKTCO which both are sister companies for Khalifeh Group, through updating the organiza-

tional structure, job descriptions and setting the function statements of the department to enforce the company's image .

An additional assignment that PKF ProGroup's team has conducted is recommending a resume Database management software in addition to implementing an HR plan for the commercial

department.

Results generated from this assignment have been implemented and customized for the project to fit perfectly with the client's vision to develop the business and move it forward.

FEASIBILITY STUDIES CORNER

ProGroup Qatar had the mission to conduct several feasibility studies in Jordan and Qatar, using the most reliable methodologies and theories to ensure the objectivity, effectiveness of the studies.

This was a crucial step to assist ProGroup's clients by leading them directly to

the best decision whether to proceed with the project or table it. In addition to our recommendations and advisories to reach the best alternatives if any.

Our services will be rendered to the following loyal clients:

Polyester Resin Plant– Qatar

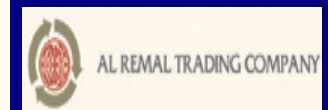

Al Remal Company, part of **EBRAHIM AL NEAMA GROUP OF COMPANIES** has contributed to the development of Qatar.

Being lead by Mr. Al Neama, assisted by a professional hard-working team, the company has been able to contribute to Qatar's business environ-

ment, by partnering with and representing multinational leading companies with diverse set of activities.

Al Remal Company is aiming to partner with the Italian company Sept Italia Industrial Resin in order to establish a Polyester Resin Plant in Qatar which

is the first and one of a kind Plant in the country.

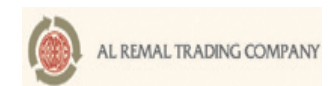

A customer is the most important visitor on our premises, he is not dependent on us. We are dependent on him.

Copper and Aluminum Cables Plant-Qatar

Out of our own initiative, **Progroup Qatar** has developed an offer for Al Remal Company to render a feasibility study for Copper and Aluminum Cables Plant, Al Remal Company aims at establishing a Copper and Aluminum cables plant in Qatar. This is the first of its kind in Qatar.

Al Remal is intending to establish a joint venture relationship with a French partner whom is a technology leader in this industry all over the world.

Tower Cranes Plant-Qatar

MASA

As our services reflect our overall vision in serving as professional advisors, **ProGroup Qatar** had the opportunity to cooperate with MASA in rendering its professional services by conducting a feasibility study for a Tower Cranes Plant in Qatar.

MASA, a top-notch enter-

prise in the State of Qatar, serving key sectors mainly engineering, constructions, and cleaning. In view of the emerging progress and developments in the State of Qatar, MASA had offered high tech solutions in Qatar.

MASA aims to partner with

the chine's leading company in the industry of overhead Cranes -Fushan Tower Crane- to establish a Tower Cranes plant in Qatar.

It is the first cooperation between ProGroup Qatar office in Doha-Qatar and MASA Company.

We may need to solve problems not by removing the cause but by designing the way forward even if the cause remains in place.

Developing HR and Financial System Assignment For Prestige Jet

PKF ProGroup's assignment is to develop a full HR and Financial System after a diagnostic study for the company. The new system aims to help prestige jet to fulfill its

mission, vision and strategy for a better performance.

Prestige jet is one of the foremost providers of top of the range executive

flight services from and to the Middle East Region.

ASEZA Becomes A Valuable Client of PKF ProGroup

PKF ProGroup has undertaken the opportunity to render its proficient services and business advisory for our valuable client "The Aqaba Special Economic Zone Authority (ASEZA)".

PKF ProGroup's main objective of the assignment is to work closely with BEN HAYYAN – Aqaba International Laboratories/ASEZA and con-

tribute to the development and establishment of an advanced full Financial Management System that caters for the future needs of the BEN HAYYAN Laboratories through assigning a "Financial Systems Expert" who will assist the laboratories in achieving self-sustainability and phasing-out from ASEZA.

Mr. Khattab the Managing Director of PKF ProGroup with the General Manager of Ben Hayyan Laboratories Mr. Khalid Gttechat.
